**Fouad R Sakr**

**Clinical Assistant Professor - Full Time**

<b>Personal Address:</b>	Beirut, Marlias	<b>LIU Email:</b>	fouad.sakr@liu.edu.lb
<b>School:</b>	School of Pharmacy	<b>Department/Division</b>	PharmD
<b>Base Campus</b>	Beirut	<b>Remote Campus</b>	

## **BIOGRAPHY**

Doctorate of Pharmacy (PharmD). Bachelor of Pharmacy (BPharm). Registered pharmacist (RPh) in the Order of Pharmacists of Lebanon (OPL). Permission to practice the profession from the Lebanese Ministry of Public Health. Extensive clinical and community pharmacy practice experience acquired through the leading Lebanese medical institutes such as Rafik Hariri University Hospital (previously known as Beirut Governmental University Hospital), Makassed General Hospital, Zahraa University Hospital, Trad Hospital and Medical Center, and others. Working as a clinical assistant professor at the Lebanese International University. Worked in the Lighthouse Pharmacy in Beirut for two years as a chief pharmacist. Detailed experience of Lebanese, American, and European drug formulary, drug compounding, and counseling. Good experience in parapharmaceutical care. Active research in over the counter (OTC) products for selfcare. Important contribution to the pharmacist role for the good practice of pain management in hospitalized cancer patients. Active research in cardiology, endocrinology, and antimicrobial drug use. Good experience of clinical and community precepting. Special attention to pharmacotherapeutics of infectious diseases, cardiology, and endocrinology, as well as, OTC medications, and utilization of medical laboratory analysis in pharmacy practice.

---

## RESEARCH INTERESTS

---

- Drug Utilization Review: Infectious diseases, pain management, cardiology, and endocrinology.
  - Healthcare: Community awareness, perspective of patients about their medical disorders, use of over the counter non-medicated products, patients counseling, and community education.
  - Medical Epidemiology: Assessment of adherence to appropriate treatment algorithms of international medical guidelines, number of hospital and community cases affected by inaccurate medical management, and level of awareness and continuous medical updates among healthcare experts.
-
